Rare United States Error Currency

In the December *Collector,* we offered the rare and seldom seen "Double Denomination" currency error; a United States note with a $20 obverse and a $10 reverse. Of the hundreds of items offered in that *Collector*, this note was the very first item to sell. Realizing the popularity of currency errors (we received many inquiries concerning the availability of the "Double Denomination" note), we made a concentrated effort to locate additional *dramatic* currency errors. Now, after tracking down one error here, one error there, we feel we have assembled a very desirable selection of rare "one-in-a-million" United States currency errors to offer our many customers.

All but one of the errors we offer is in crisp uncirculated condition — crackling fresh and tops in all respects. And considering the stringent quality controls maintained in the Bureau of Engraving and Printing, it is surprising these notes even exist, let alone exist in such choice condition!

Naturally, these errors won't be in our inventory too long. To be certain *your* order for any of the following rare United States currency errors is filled, call us TOLL FREE: 800-543-2192 (Ohio residents and those outside the continental United States call direct 513-836-8641). Our conservative grading standards mean your complete satisfaction is guaranteed!

1974 $1.00 Federal Reserve Note

This unusual error shows what happens when a sheet of notes is fed into the printing press backwards — the seal and serial numbers are *inverted!* A popular as well as an unusual error. We currently have several available, all crisp uncirculated and from the Philadelphia Federal Reserve District.

Fr-1908-C $195.00

1974 $1.00 Federal Reserve Note

A spectacular error missing the obverse printing. Only the seal and serial numbers appear. This note would be the highlight of any currency collection. We only have one available from the Richmond Federal Reserve District. It is crisp uncirculated.

Fr-1908-E $875.00

1974 $1.00 Federal Reserve Note

A spectacular error missing the obverse printing. Only the seal and serial numbers appear. A show stopper! We only have one available from the Atlanta Federal Reserve District. Crisp uncirculated.

Fr-1908-F $875.00

1974 $1.00 Federal Reserve Note

Another spectacular error missing the obverse printing! Only the seal and serial numbers appear. From the Dallas Federal District and just one is available. Crisp uncirculated.

Fr-1908-K $875.00

1974 $20.00 Federal Reserve Note

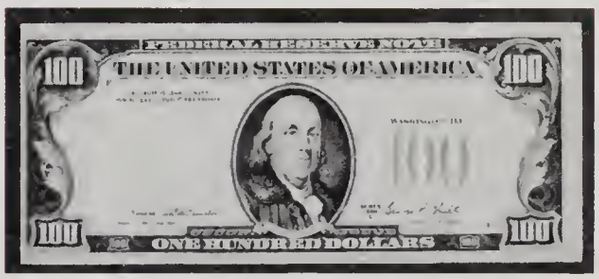
Interesting invert error. The seal and serial numbers on the obverse are inverted! Very rare and unusual on such a high denomination note. From the Chicago Federal Reserve District. One available. Crisp uncirculated.

Fr-2071-G $375.00

1974 $10.00 Federal Reserve Note

A very rare high denomination error missing the obverse printing. Only the seal and serial numbers appear. Much scarcer error for a $10 bill than a $1 bill. Philadelphia Federal Reserve District. Crisp uncirculated.

Fr-2022-C $975.00



1969-C $100.00 Federal Reserve Note

Very rare high denomination error. The seal and serial numbers are printed on the reverse — totally missing from the obverse! The note has been folded and shows a slight bit of wear. With the exception of the "Double Denomination" note, this is as spectacular an error as we have seen. Only one is available. Extra Fine.

Fr-2166-B $975.00

United States Rare Coins

On the following pages you will find a large and varied selection of choice United States numismatic material. This selection reflects the wide diversity of our rare coin inventory — an inventory assembled with you in mind.

Grading

Paramount uses an accepted industry-wide grading system that assigns a standard numerical value (1 through 70) to a coin, depending upon the coin's wear or degree of circulation. This system allows a greater degree of exactness necessary in today's numismatic world. Briefly, this is the system we use:

Mint State 70 = MS-70 (Perfect Uncirculated)
Mint State 65+ = MS-65+ (Superb Gem Uncirculated)
Mint State 65 = MS-65 (Gem Uncirculated)
Mint State 60+ = MS-60+ (Choice Uncirculated)
Mint State 60 = MS-60 (Uncirculated)
Almost Uncirculated 55 = AU-55 (Choice Almost Uncirculated)
Almost Uncirculated 50 = AU-50
Extremely Fine 45 = EF-45 (Choice Extremely Fine)
Extremely Fine 40 = EF-40

Lower condition coins are also included in this system. However, because Paramount deals primarily in choice quality material, you will seldom see any coin under EF-40 listed in the *Paramount Collector*.

As always, we assure you of accurate grading and guaranteed authenticity. All orders are sent postpaid. As many items are one-of-a-kind, we suggest you do include an alternate choice.

Thank you.

Long before "Human Rights" became a popular phrase, the United Nations issued a special two-value commemorative stamp set (Scott #29-30) to publicize "Human Rights Day". Today, this beautiful 1954 issue is so desirable with collectors that it has become one of the key sets in the entire United Nations series! As a matter of fact, the 3¢ value (Scott #29) has the highest catalogue value of any United Nations stamp! But because of a recent successful buying campaign, Paramount is offering you the opportunity to acquire complete Mint, Never Hinged, F-VF sets of the "Human Rights Day" issue for less than what Scott #29 catalogues for by itself. What Every Smart Numismatist Should Own

Your Ohaus Counterfeit Detection Kit will contain all the above equipment. (Coin not included.)

Mr. John Colby of Paramount's Rare Coin Department demonstrates the ease in which the Ohaus scale can be used.

How well can you tell the difference between a counterfeit and genuine coin? Sometimes even the experts have difficulty! That is why you should arm yourself with the *Model 311 Counterfeit Detection Kit.*

With this Counterfeit Detection Kit, you can perform two very important tests on a coin whose genuineness is in doubt. The first is **weighing** the coin, using the *quality* Ohaus scale contained in this kit. By comparing your findings with the coin's official weight, you will have a very good idea as to whether or not the coin is suspect.

The second test you will be able to perform is **specific gravity.** By knowing the specific gravity, the coin's metallic composition can be determined. This is very important because many counterfeit coins are not composed of the same alloy as genuine coins.

Each *Model 311 Specific Gravity Scale and Counterfeit Kit* by Ohaus will consist of a scale, set of weights, beaker, thermometer, caliper, and the Ohaus Specific Gravity handbook. This entire kit is available for only $109.00 — a small price when you consider the alternative.

The *Counterfeit Detection Kit* is a valuable tool. If you are a serious numismatist, you owe it to yourself to have one!

1895-S
THE KING OF REDFIELD DOLLARS!

• A Rapidly Rising Rarity!

The 1895-S is, by far, the rarest date silver dollar which surfaced from the famous Redfield Collection. But of the 407,000 coins in the collection, only a *very small fraction* of one percent were Mint State 65 *1895-S Dollars.* Even so, many collectors and investors were hesitant to acquire this date three years ago for fear additional specimens would show up which might have an effect on its value. During the last three years, however, this small group of 1895-S's has been dispersed to collectors throughout the world.

Now, it has become obvious, the remaining supply of 1895-S dollars is very limited as wholesale prices for this key date have risen by *over 25%* across the nation in the last two months!

As this ad is being written, the *wholesale* price of the 1895-S in Mint State 65 is only *10% below* our regular selling price of $3100! By the time you read this, the wholesale price may have surpassed $3100! But don't worry! We will guarantee our selling price until May 31, 1979 — or as long as our small inventory lasts — whichever comes first.

And don't forget — Paramount gives you our exclusive SIX-MONTH MONEY BACK GUARANTEE OF SATISFACTION. You must be satisfied!

Don't wait any longer to buy an 1895-S. The dollar market is so hot, prices are rising almost daily and our available inventory of remaining MS-65's is very small.

Special Carson City Silver Dollars

1892-CC and 1893-CC

- **What do these two dates have going for them?**
- **Read on!**

• Did you know the Carson City Mint struck only 13 different Morgan Dollar dates?
• Did you know that *ten* of the *thirteen* dates were sold in large quantities by the General Services Administration (GSA) in 1973 and 1974?

It's true. Only the 1889-CC, 1892-CC and 1893-CC Morgan dollars from the Carson City Mint were *not* sold in the GSA sales several years ago. All of the other ten CC Morgan dates were sold to the highest bidders. Included were these ten dates: 1878-CC, 1879-CC, 1880-CC, 1881-CC, 1882-CC, 1883-CC, 1884-CC, 1885-CC, 1890-CC, and 1891-CC. Recent news reports indicate that the government may sell off the remaining CC dollars in the near future. Even so, there still won't be any 1889-CC, 1892-CC or 1893-CC dollars available.

Paramount has acquired a small number of 1892-CC and 1893-CC dollars from the famous Redfield collection. These are lustrous mint state coins which have greatly appreciated in value in recent years due to their scarcity and choice condition. Keep in mind that these two dates (1892-CC and 1893-CC) were not a part of the famous GSA sales of the early 1970's, *nor* are any to be found in the government's vaults. Our available inventory is becoming quite limited, so order now. Your satisfaction is guaranteed with our special Six-Month Money Back Guarantee on mint state silver dollars.

The Last Four Dollar Types

For the budget-minded collector who will not compromise on *quality*, we have selected a four-piece dollar type set consisting of the four major dollar designs of the twentieth century and have mounted them into a custom plastic holder. Included in this fabulous set is a Mint State 60 *or better* Morgan and Peace dollar — each 90% solid silver — and two Proof 65 Eisenhower dollars with brilliant, mirror surfaces. One Eisenhower dollar is of the regular "standard" design. The other is the popular 1776-1976 Bicentennial issue, struck to celebrate the United States' 200th anniversary of independence. Both Eisenhower dollars carry the "S" mintmark of the San Francisco Mint and are "proof-only" issues. No San Francisco Eisenhower Dollars *were ever released for circulation!*

With the scheduled introduction of the new, smaller Susan B. Anthony dollar set for this July, now is undoubtedly the time to acquire this four-piece dollar type set. After the new dollar has made its appearance, the collecting public could easily focus their attention on the older, larger (38.1 mm) United States dollar coins. With the dollar market currently *very* strong, it is easy to imagine what this added interest could do to this already popular series! *Now* is the time to place your order — not next July! Order today.

SILVER TYPE SETS
From Russia and the Soviet Union

SET A — RUSSIA,
The Last Silver Coinage of Czar Nicholas II

This is an important six-piece all silver set because it numismatically represents the last silver coinage featuring the bust of a czar. The bearded bust of Nicholas II is featured on the two largest silver coins — the 50 kopecks and one rouble. All six coins carry the ornately designed two-headed crowned Imperial eagle. Included are these denominations:

Denomination	Silver Fineness	Diameter
5 Kopecks	.500	15 mm
10 Kopecks	.500	18 mm
15 Kopecks	.500	20 mm
20 Kopecks	.500	22 mm
50 Kopecks	.900	27 mm
One Rouble	.900	34 mm

This six-coin set is mounted in a custom plastic holder which allows easy display and offers maximum protection for these historic coins. The six coins will grade Fine or better.

Set A **$18.50**

SET B — U.S.S.R.,
Silver Coinage (1924-1931)

Set B covers the silver coinage of 1924-1931, and were the last silver coins issued for circulation. The 50 kopecks and one rouble feature an industrial worker, symbolic of the modern Soviet Union. The hammer and sickle dominate the reverse. Included in this five-coin set are:

Denomination	Silver Fineness	Diameter
10 Kopecks	.500	18 mm
15 Kopecks	.500	20 mm
20 Kopecks	.500	22 mm
50 Kopecks	.900	27 mm
One Rouble	.900	34 mm

These five coins, representing the last circulation silver issues of the Soviet Union are packaged in a custom display holder. The coins in this set will grade Fine or better.

Set B **$22.50**

The Kennedy Collection — Now is the time!

Now that Congress has approved the smaller Susan B. Anthony dollar, many numismatists believe the next coinage reform will center on the Kennedy half dollar. In fact, many are certain this denomination will be *completely eliminated!* If that happens, just imagine the sudden strong demand for this coin! You have already seen what this demand has done to the Eisenhower dollar. The Kennedy half dollar set may equally be affected. Obtain your complete 32-piece Kennedy collection NOW while it is still available!

The Kennedy half dollar has only been issued for just a few short years. Yet in that short time, it has experienced frequent change. For example, in 1964,the Kennedy half dollar was composed of 90% silver. The following year, its silver content was reduced to 40%, and finally in 1971, all silver was removed. In addition, the design of the Kennedy half dollar was changed for two years in celebration of the Bicentennial.

With its possible elimination in sight, now may be a good time to give serious consideration to the Kennedy half dollar. We currently have several thirty-two piece Kennedy coin sets available for just $169 each. These sets are mounted in a deluxe bookshelf style album and will include a mint state example of every half dollar issued for circulation from 1964 through 1978. Also included will be ten popular *proof-only* San Francisco issues dated from 1968 through 1978. Further, each set will contain the scarcest of all Kennedy half dollars — the silver 1970-D! This coin was originally available only as part of the 1970 mint set, and like the proof-only issues, *none were released for circulation!*

Its elimination could easily create a strong demand for the Kennedy half dollar. Don't wait until this happens! Place your order for this attractive set *today.*

Bicentennial Souvenir Sheets

The most exciting philatelic item ever issued by the United States Postal Service was the beautiful set of four different souvenir sheets commemorating this nation's Bicentennial. These sheets were released in 1976 through a small number of selected Post Offices. In fact, the vast majority of Post Offices were not even privileged to handle them! This severly restricted their distribution causing these sheets to become immediate favorites with collectors and investors alike. Today, the beauty and popularity of the 1976 Bicentennial souvenir sheets are unchallenged!

Each of the four multi-colored sheets comprising this stunning Bicentennial set features a well known painting depicting a famous Revolutionary War event. Featured in minute detail are these paintings:

- The Surrender of Lord Cornwallis at Yorktown
- The Declaration of Independence, 4 July 1776 at Philadelphia
- Washington Crossing the Delaware
- Washington Reviewing His Ragged Army at Valley Forge

Each souvenir sheet contains five stamps, all with the same face value. Depending upon the sheet, the face value of the stamps will be either thirteen cents, eighteen cents, twenty-four cents, or thirty-one cents.

Never has the Post Office issued a set like this! Its beauty, popularity, detailed workmanship, historical significance, and superb condition makes the 1976 Bicentennial souvenir sheets an absolute MUST for every collection. And there is no better time than *right now* for you to acquire this desirable set!

The Bicentennial of the United States will be warmly remembered for many years to come. These lovely souvenir sheets will provide a constant visual reminder of that historic occasion and will make those memories all the more special. Place your order early as we expect these Bicentennial sheets to be one of the most popular items ever offered by Paramount.

"Stamps With Proven Collector Value"

The tremendous response we received last year with our special "Stamps With Proven Collector Value" offer convinced us that we owed it to our many customers to develop an even bigger and better offer. And we did! After careful study and a review of the favorable comments we received concerning the popularity of last year's offer, we feel we have found another sure-fire winner. We now offer you the chance to acquire *at least* $300 worth of choice United States philatelic material in Mint, Never Hinged condition for only $275. That's right! If you were to individually purchase from Paramount the stamps contained in this special offer, their *minimum* cost to you would be $300. But now you can save at least $25 (that's over 8%) from their normal cost by taking immediate advantage of this offer.

Every stamp used to fill each order will be of the highest quality — direct from Paramount's own unsurpassed inventory. You won't have to worry about receiving any damaged or "seconds" from us!

Because of the pristine, never hinged quality of the stamps comprising this collection, a specially designed album will be included so that every stamp in this offer may be displayed without the aid of stamp hinges or mounts. This is very important since collector, dealer and investor demand is strongest for mint (unused) stamps which have never been hinged.

Total value of the stamps contained in this collection will be *at least $300.* But while quantities remain, this specially assembled collection is available for just $275, and the album will be included at *no additional cost!* And don't forget, the stamps you will receive are in choice mint condition — nicely centered and never hinged. That, alone, guarantees the desirability of this collection. Place your order today.

Stamp Collection With Album, Mint, Never Hinged $275.00

Still Available!

1936 Cleveland Commems

As unbelievable as it sounds, we still have available a few choice MS-65 Cleveland commemoratives left from an original group we purchased earlier this year! Together since their year of issue (1936), these coins are fantastic! Some are toned steel grey, others have a light golden toning while a few are completely brilliant. Better yet, we are still offering them for only $59 — despite increasing interest in this challenging area!

Just 50,030 Cleveland commemoratives were issued to help observe the centennial of Cleveland, Ohio. Importantly, attractive MS-65 specimens of this coin are more difficult to locate than its already low mintage would lead you to believe. Many of the Cleveland commems we have seen at coin shows have either been harshly cleaned or show evidence of circulation. Very few of the "Uncs" we have been offered can compare with the specimens we are making available — **none were better.**

United States commemoratives are continuing to gain in popularity, causing the price of these beautiful, low mintage coins to increase. Today, only a small percentage of commemorative types can be purchased in MS-65 for less than $100. As a matter of fact, Paramount has only *three* other MS-65 commemorative types priced for less than the $59 we are asking for the Cleveland, and each of these three types (Stone Mountain, Booker T. Washington and Washington/Carver) has a mintage of over 1 million. That's *twenty times* the mintage of the Cleveland!

As the number of collectors and investors increases, the available supply of quality numismatic material will be spread thinner and thinner. This is why we feel you shouid act immediately to add a Cleveland commemorative to your collection — before this coin is "discovered". Place your order today for one or more of these beautiful MS-65 Cleveland commems.

No Ike Dollars in 1979!

Have we witnessed the end to the Ike series?

No 1979 dated Eisenhower dollars will be struck, according to information contained in a leading numismatic publication. Instead, only the recently authorized Anthony dollar will be minted. We may be witnessing the very end to the Eisenhower series! If so, then the traditional 38.1 mm dollars will become another bit of U.S. history. With strong collector and investor interest already evident, the permanent discontinuation of the Ike dollar could easily lead to even greater interest in this short-lived series. Prices *could* increase dramatically if the demand outstrips the supply. *Now* may be the best time to acquire the complete thirty-two piece Eisenhower series.

As a matter of record, the Eisenhower series contains several dates with exceptionally low mintages as can be seen on the chart below:

1971	**(47,799,000)**	**1974-S Silver**	**(1,900,000)**
1971-D	**(68,587,424)**	**1974-S Silver Proof**	**(1,314,608)**

1974-S Proof	**(2,617,350)**	**1978-S Proof**	**(4,432,000)**

We are offering complete thirty-two coin sets containing every coin listed above for just $350. As you can see, the proof-only mintages from the San Francisco Mint are quite scarce as are the 1973 Philadelphia and Denver issues. Furthermore, each set will come mounted in a deluxe bookshelf style album suitable for display and easy handling.

This Coin Has Seen It All!

The Liberty Head ten dollar gold piece was struck from 1838 through 1907, a span of eight decades and eighteen presidents. During its issuance, the United States literally "grew up"; gold was discovered in California, the Civil War occurred, Alaska acquired, the Indian Wars were fought, the battleship *Maine* destroyed and Teddy Roosevelt charged up San Juan Hill.

Unfortunately, countless millions of these historic coins are gone forever, either lost or melted. (Don't forget the millions of ounces of gold in Fort Knox which used to be coins!) Very few truly nice and desirable Liberty Head ten dollar gold pieces remain for today's collector. That is a fact and nothing can be done to change it. But that doesn't mean you can never own this desirable coin! A portion of these beautiful coins escaped destruction and they are available — *now!*

We recently purchased a small selection of Mint State 60+ Liberty Head ten dollar gold pieces from an area collector. This small group was almost evenly divided between two years; 1893 (1.8 million mintage) and 1907 (1.2 million mintage). While they remain, you may now acquire either date for only $350. But hurry. Quantities are limited.

Place your order today for a historic ten dollar Liberty Head gold coin — a coin spanning the decades of a growing America.

Only 2000 Reportedly Minted — and All Were Sent to Europe!

The KEY Issue
of All Modern Olympic Coins.
No collection complete without it!

Limited Quantity Available!

Our buyers have just returned from a successful European buying trip with a purchase of extraordinary importance. While in Germany, they uncovered a very small quantity of the rare 1974 dated Series I $10 Canadian Olympic "Map Error" coin. Only 2000 examples of this seldom seen coin are thought to exist! (Some experts feel the actual number is even less!) But one fact is certain: **THIS COIN IS THE KEY ISSUE OF ALL MODERN OLYMPIC COINS.**

This rare error was created late in 1973 when a 1974 dated obverse die (Series II) was inadvertently left in a coinage press after a short test run. Not realizing this, normal production of the regular 1973 $10 Map coin was resumed, thereby creating the famous "Map Error" coin. Its obverse carries a 1974 date yet it has a reverse of a 1973 coin! Before this oversight was discovered, an estimated 2000 pieces were sent to Europe and released. Today, this error coin is keenly sought by collectors the world over due to the universal popularity of Olympic coins. *No Olympic collection can be complete without it!*

Each "Map Error" coin Paramount is offering grades a beautiful Uncirculated 65+ — as choice and desirable as anyone could possibly want. And priced at just $475 each, these few coins will not last too long. Order today to be certain you are one of the fortunate persons who can say they own this rare and seldom offered coin!

The Washington Bicentennials

A stamp set in strong demand is the Washington Bicentennial issue of 1932. Issued in celebration of the 200th anniversary of the birth of George Washington, this twelve-piece set has recently become very popular with collectors. Unfortunately, many of the sets on today's marketplace are not all that attractive. All too often, they are found hinged, faded, dingy, or too poorly centered. That is why our rare stamp buyer jumped at the opportunity to purchase an amazingly well centered complete set of fresh mint sheets. These vivid sheets were among the finest sheets of this issue anyone in our Rare Stamp Department could remember seeing!

• Sets Available For Immediate Purchase •

Paramount has broken this sheet set and is now proud to offer Mint, Never Hinged single stamp sets for only $50. Overall centering of these choice sets will be FINE to VERY FINE. However, because of the above average centering of the sheets, some of the stamps in each set may actually have VERY FINE centering. Without question, the sets we offer stand well above sets normally encountered.

Consisting of twelve separate stamps, with face values from ½¢ through 10¢, the Washington Bicentennial set you will receive is bound to give you hours of collecting pleasure. And remember — the sets we offer are Mint, Never Hinged with F-VF overall centering. Collector or investor — it doesn't matter. This complete set is for *you!*

THE LAST OF THE 90% SILVER DOLLARS

Paramount is offering YOU the opportunity to be a proud owner of a *complete* set of Peace dollars — at a *down-to-earth price!* Each set is composed of a Peace dollar of *every date* and *every mintmark* issued from 1921 through 1935.

The coin which starts this set is the scarce and highly desirable 1921 Peace Dollar — the only true high relief dollar ever struck. With a mintage of one million, this coin is just the beginning of a veritable treasury of *low mintage silver dollars!* Fourteen of these dollars have mintages of under two million of which four are under one million. This includes the *scarce* 1928 Philadelphia issue — a Twentieth Century rarity.

Every coin contained in these sets has been hand-selected and approved by Paramount's silver dollar experts. The only coins which they approved were those grading Fine 12 *or better.* Also, they guarantee that at least one silver dollar in each set will be mint state.

You will be proud to own and display one of these Peace Dollar sets. Each comes mounted in a deluxe bookshelf album for your viewing pleasure. We know you will be pleased. Mail your order today.

Price $24.95

Direct from the Soviet Union

The beautiful 1947 State Bank Note issue and 1947 State Treasury Note issue of the Soviet Union served as legal tender in that country until 1961. Unfortunately, these notes have long since disappeared from circulation and today, they are very difficult to locate. However, Paramount has acquired a small number of **complete sets** of these superbly engraved, richly colored notes directly from the Soviet Union where they had laid undisturbed for years in the vaults of the Bank for Foreign Trade. Every note is crisp uncirculated — crackling fresh.

• Engravings and Watermarks •

The set of State Bank Notes consists of four multicolored notes in denominations of 10, 25, 50 and 100 roubles. The notes vary in size with the 100 rouble note measuring a massive 4½ inches by 9 inches. Each of the four notes is a work of art and prominently features a magnificent engraving of Lenin. As an added feature, if you hold the 50 and 100 rouble notes to the light, you will see another portrait of Lenin appearing as a watermark!

The set of State Treasury Notes contains **three** notes in denominations of one, three and five roubles. All three are beautifully colored. The two larger denominations are intricately engraved while the one rouble note was printed with the lithographic process.

mounted in deluxe custom-made albums!

• Custom-Made Albums •

Each set is carefully packaged in a deluxe custom-made album. The highest quality pages are used so that every note is completely protected and yet clearly visible from both sides. Each set also comes with a Certificate of Authenticity that guarantees that each note is genuine and once served as legal tender in the Soviet Union.

• Priced to Fit any Budget •

A complete set of the remarkably lovely 1947 State Bank Notes is priced at just $49.95 including the custom album. The State Treasury Note set is only $24.95 with the album. You can **save $4.95** by purchasing both **complete sets** for only $69.95 — a price guaranteed to fit almost **any** collector's budget!

• Only a Few Sets Remain •

Paramount obtained **the entire quantity available** of these seldom seen notes from the Bank for Foreign Trade. 3,000 sets of each type were originally available. But — the number of sets **now** available is much less due to the huge response we received when this offer was last presented. **Less than one third of the original quantity remains!** Once this small supply is sold, it is doubtful we will ever be able to repeat this offer. Popular Canadian Olympic Stamps

In complete sheets of eight!

The 1976 Summer Olympic Games held in Montreal were the most exciting Games in modern Olympic history. It was at these Games gymnast Nadia Comaneci won three gold medals with perfect scores of ten, Bruce Jenner captured the decathlon, and twin gold medals were awarded for boxing to brothers Michael and Leon Spinks. Without question, the excitement generated by these Games will long be the standard by which future Games will be measured.

In honor of the 1976 Summer Olympics, Canada issued two separate sets of uniquely designed $1 and $2 commemorative stamps. In the short time since they have been issued, these stamps have become very popular with collectors the world over due to the international awareness and appeal of the Olympics. However, Paramount believes the potential of these stamps has yet to be tapped and in order to let our many customers get in on what may be the ground floor of this exciting issue, we are proud to offer these attractive stamps — not individually — but in *complete sheets of eight!*

The first set (Scott #656-657) was issued in 1975. The $1 value depicts "The Sprinter", a sculpture by the internationally recognized Canadian sculptor R. Tait McKenzie. The $2 value is titled "The Plunger". It, too, depicts a sculpture by R. Tait McKenzie.

The second set (Scott #687-688), issued in 1976, features distinctive Montreal landmarks. The $1 value depicts Notre Dame Church and Place Ville Marie, while the $2 value shows the Olympic Stadium and the Velodrome in Olympic Park, site of the main events of the Games.

Traditionally, Canadian stamps with high face values have performed very well in the marketplace. Knowing this, it is easy to imagine what their future may be if the collector and investor demand approaches the level which we believe Canadian stamps are destined! That is why we feel *now* is the time to add the Canadian 1976 Olympic $1 and $2 commemorative stamps to your collection or portfolio. With current wholesale prices increasing *every day,* there may never be a better time to order.

We currently have available both Set #1 and Set #2 in complete sheets of The sheets comprising each set are superb — "post office fresh" in every sense. And as our present inventory is quite limited, we have one suggestion — ORDER TODAY!

A COMPLETE 97-PIECE MORGAN DOLLAR SET FOR AN AVERAGE COST OF ONLY $28.35 PER COIN!

That's right! For $2750 ($28.35 per coin) you may own a complete set of Morgan Dollars, *in albums,* in Very Good to Mint State! Included are all dates and mints (less the excessively rare 1895-P and varieties) from 1878 to 1921. Think about it! You'll be getting the very rare 1893-S which alone sells for over $500 in Very Good. Other rare dates like the 1889-CC, 1894, 1895-O, 1895-S, 1899, 1903-O, all the "CC" dates, etc., are also included.

We have recently seen *minimum* quality sets (Good-Very Good) trading for $1900 on the wholesale market. Our sets are far superior with most coins grading Fine, VF, EF and *even Mint State! None will grade less than Very Good.*

The Morgan Dollar is *the most popularly collected series of U.S. coins.* This popularity is responsible for the dramatic increase in value these coins have seen in the last few years. While no one can predict the future, activity at recent coin shows indicates the Morgan Dollar's popularity is continuing at an all-time high. And of the hundreds of thousands of silver dollar collectors, only a small number will ever be able to claim that they own the 97-piece set.

Remember:

- **The average cost per coin is $28.35 (Common date circs sell for $8.00 or more!)**
- **All 97 coins are in albums!**
- **These are not minimum grade sets where most of the coins are only Good to Very Good. The set will average FINE!**

Your satisfaction is guaranteed! Call our Rare Coin Department to reserve your set!

IS THE 1900-S SILVER DOLLAR A SLEEPER?

Upon observing the entire silver dollar picture over the past three years, we have noted that the selling prices of many Redfield Silver Dollar dates have increased by 100% or more.* For example, the 1886-S has increased 142%; 1887-S — 197%; 1888-S — 123%; 1889-S — 264%; 1890-S — 150%; 1892-CC — 173%; 1893-CC — 116%; 1896-S — 111%; and 1898-S — 188%. The 1900-S, a low mintage date, has increased just 97% — much of the increase coming only in recent months.

Naturally, we can't say with certainty that this date will "catch up" with other Redfield dates of similar rarity, but we can tell you that we have a nice quantity of truly incredible Mint State 65 1900-S's which were part of the fabulous Redfield Collection.

Quite frankly, we don't know why this date hasn't increased like the others when it really is as difficult (or more so) to locate in such high grade. Maybe the reason is due to the fact that the coin bears a 1900 date rather than an 1800's date! Anyway, we are pleased to offer some of the nicest Mint State 65 1900-S dollars you can buy anywhere!

Each of these coins has been hand picked for quality from original rolls. Those pieces which didn't quite measure up to MS-65 standards have been graded Mint State 60. (Even these are better than many we've seen called "Gems" by other dealers!)

With the entire silver dollar market going up almost daily, we thought you might want to consider this date which seems to have plenty of room for growth when compared to many other dates with similar mintages from the same period.

An Exciting Opportunity

One of the most interesting but often overlooked areas of stamp collecting are United States essays. Always printed in very limited quantities, essays are proposed designs of stamps that were never accepted. But times are changing and today, stamp essays are beginning to receive the attention they rightly deserve. However, there is still time for the collector or investor to get in on the **ground floor!** To help you start your essay collection, Paramount is pleased to offer you the opportunity to acquire the very scarce and desirable 2¢ blue Internal Revenue essay.

This essay is an **engraved die impression** printed on heavy card and surrounded by a wide embossed border. **Only 250** of these rare and unbelievably beautiful essays were printed in the early 1870's and each is individually serially numbered on the reverse. Undoubtedly, many have either been damaged or destroyed in the long years since they were printed, and the actual number of choice copies still existing is much less.

Hundreds, if not thousands, of collectors and investors are entering the philatelic market every week. This influx is undoubtedly adding great pressure to the available supply of many scarce items, such as the 2¢ blue Internal Revenue essay. It is possible that eventually, many of these desirable items may all but disappear from the marketplace and may only be available at public auction — where several people could easily be bidding on the same item you want! Don't wait until then to acquire this scarce essay!

A low printing figure of only 250, exquisite like-new condition and Paramount's guarantee of complete satisfaction are three reasons why you should add this one hundred year old seldom seen essay to your collection or portfolio. **Order today.**

1970 Mint Set

The 1970 United States mint set is very popular with collectors because it contains the 1970-D Kennedy half dollar. This coin is the key to the entire Kennedy series. No 1970-D half dollars were released for circulation! The only way they were issued were as part of the 1970 mint set — the very same mint set we are now offering!

Now is the time to place your order. In recent weeks, the entire Kennedy collection has received a great deal of attention, especially the 1970-D. Available supplies are drying up as more collectors turn to the Kennedys. To be certain of receiving *your* 1970 mint set (including the 1970-D half) — order today.

We currently have a small quantity of choice uncirculated (Unc-65) 1923 Chervonetz (10 Rouble) gold coins available for immediate purchase! A Fifteen Cent Piece?

You probably already know that at one time or another, the United States issued a two cent piece, a three cent piece, and even a twenty cent piece, but did you know that a fifteen cent piece was also issued — in paper?

Between 1869 and 1875, a fifteen cent "fractional currency" note was issued. Because of its unusual face value, this note proved to be unpopular with the public and it was eventually withdrawn from circulation. Today, the fifteen cent note is seldom seen, causing it to be very popular among collectors.

Paramount recently had the good fortune to acquire a very limited number of this seldom seen note (Fr-1271) in crisp Uncirculated condition. Available for only $85 each, these notes will certainly not last long. And considering the popularity of fractional currency, we suggest you place your order as early as possible.

1975-S Proof Set

With The Proof-Only Cent

1975-S Proof Set: contains the popular 1975-S Lincoln cent

The San Francisco Mint has issued an "S" mintmarked proof set every year since 1968. While these proof sets have always contained "proof-only" issues (dimes, quarters and half dollars), 1975 was the first year a proof-only cent was included. *No 1975-S Lincoln cents were struck for circulation!* As soon as this was known, collector response was immediate. The 1975-S proof set quickly became the most popular proof set in fifteen years!

We have several 1975-S proof sets available for $32. Each set is *government sealed* in a hard plastic case and contains six Proof 65 coins, cent through dollar.

The Airlift Plate Block

The Airlift stamp is a curious issue. Intended to pay for the airlift of packages to U.S. servicemen overseas, its design is like that of a commemorative stamp but because of its intended purpose, it is often collected as part of the airmail series. Is it any wonder then why this stamp stands apart from hundreds issued in recent years?

Because of a recent buying campaign, we are able to offer Mint, Never Hinged, Superb plate blocks of four of the interesting and popular Airlift stamp. Priced at just $27.50 each, these plate blocks would be a welcomed addition to any collection. Place your order today to be certain of receiving your superb plate block. You will be very glad you did!

Danish Gold!

In a collection we recently purchased, there were several brilliant Mint State 65 20 Kroner gold coins from Denmark. Serious collectors know what a remarkable purchase this was due to the popularity of early Danish coins, especially *gold* coins. Each coin is dated 1909 and features the bust of King Frederik VIII on the obverse and a coat-of-arms on the reverse.

Only a few choice MS-65 specimens are available! When they're gone, it may be a *long* time before we ever again see this coin in our inventory. Therefore, if you would like to add one of these beautiful and brilliant coins to your collection or portfolio — ORDER TODAY!

IS NICKEL MORE PRECIOUS THAN SILVER?

Yes! During the Second World War, the United States decided nickel was more precious than silver. As a result, the composition of the five cent piece was changed from nickel and copper to that of copper, manganese, and silver. In other words, the nickel did not contain any nickel!

Most of the silver war nickels currently available to collectors are heavily circulated. With today's high silver value, these nickels are highly sought by speculators with many undoubtedly being melted. As you can well imagine, this leaves only a very limited number of strictly *mint state* silver war nickel sets available to collectors. Now you can be one of the lucky collectors who boast they own one of these desirable sets!

We once again are able to offer complete 11-piece *mint state* sets of these highly sought silver war nickels. Each set is mounted in a plastic holder for protection and easy display. Don't wait to order! These sets are becoming more difficult for us to acquire in Mint State with each passing day. Order now!

Seldom Seen United States Embossed Envelopes

On August 1, 1958, the postage rate to mail a first class letter was raised from 3¢ to 4¢. At the time, the Post Office Department had a quantity of unused embossed 3¢ envelopes. These were surcharged by the government with a green 1¢ "eagle holding a 1" figure to create a 4¢ envelope in compliance with the new rate.

Paramount recently obtained a small number of this surcharged envelope. These are mint **entires** — the complete unused envelope, just as they were originally sold by the post office. Upon examining them, we discovered two different varieties were represented. The difference between the two can most easily be seen by the thickness of the embossed "3" (see illustration). Listed in the latest Scott catalogue as #U539 and #U539a, they have a combined Scott value of $13.75. But while our small quantity remains, we are offering the pair in "like-new" condition for only $12. That's a savings of over 12% from their combined catalogue value!

With "back-of-the-book" material gaining in popularity, we are not certain how long we can maintain this **below catalogue** price. Place your order today to be certain you receive these two desirable entires while they are still priced at just $12!

LOWEST PRINTING IN 40 YEARS!

Long considered to be among the most attractive of all United States airmail stamps, the three-piece Trans-Pacific set has become extremely popular with collectors and investors. Issued primarily to pay postage on mail transported by the Trans-Pacific airmail service, each stamp features the famous **China Clipper,** workhorse of this airmail service. The values of the three stamps comprising this set are twenty cents, twenty-five cents, and fifty cents. The fifty cent stamp has the lowest reported printing of any United States airmail stamp within the last forty years!

We have been fortunate to secure a very small quantity of this popular set in mint, never hinged condition — post office fresh! These sets are difficult to locate in such premium condition and we expect a very heavy response to this offer. Order today.

A few years ago, no one would have predicted silver dollar prices would have increased to their present levels. Even the major "investment newsletters" didn't see such a rise in popularity for these coins. As recently as August, 1976 our selling price for a quality Mint State 65 1890-S was $38.00. A prominent silver dollar book projected this date to increase to $75 in 1987. Well, 1987 is 8 years away and already the price is higher than $75 for Mint State 65 specimens.

We have several rolls of this attractive date in both Mint State 60 and Mint State 65. Each of these coins is from the world famous Redfield Collection and carries our exclusive SIX-MONTH MONEY BACK GUARANTEE! You *must* be satisfied, or return your coins in their original, undamaged holders for a full refund anytime within SIX MONTHS of purchase. Scarce Gold From Yugoslavia

A Popular One Year Type!

Photo enlarged
Actual size 21 mm

Untold millions upon millions of European coins are gone forever, either lost or melted, due to the wars and economic changes which have occurred on that continent during the first half of this century. This is perhaps nowhere more obvious than with *gold* coins. Already in demand because of traditionally low mintage figures, early Twentieth century European gold coins are even harder to locate thanks to government recall and official and unofficial meltings. Fortunately, some gold coins did escape and now, Paramount is pleased to offer one such coin.

We recently acquired a small group of the 1925 gold 20 Dinars of Yugoslavia. This coin is an only-year-of-issue and the specimens we offer are truly choice — full Mint State 65's! **Fifty-four years of history has not dimmed the brilliance, beauty, or desirability of this popular .900 fine gold coin.** Indeed, a strong gold market and a resurgence of interest in foreign gold coins has caused increased attention to be focused on this coin. That means there may never be a time like the present to acquire this popular MS-65 one year type Yugoslavian coin! And considering our conservative grading standard, we believe you will have to search for a *long* time before you find a better specimen — that is, if you ever do!

How these few coins escaped destruction is unknown. But they did. Take advantage of this seldom encountered opportunity by placing your order *today.*

Swedish Silver...

This beautiful 2 Kronor silver coin was issued in 1921 to commemorate the 400th Anniversary of Swedish political liberty. It is a one-year type and has a miniscule mintage of only 265,000. We only have a few MS-60 specimens available, so an early order is suggested!

1921 2 Kronor, Sweden, Mint State 60 ..... $22.50

This 1959 5 Kronor commemorative silver coin was issued in honor of the sesquicentennial of the Swedish constitution. Struck for only one year, it has a mintage of just 504,000. Several brilliant MS-60 examples are available. Still, because of the popularity of Swedish coins, we suggest you order *now.*

July 17, 1975, marked a new era in space flight. It was on this day an Air Force Brigadier General directed the American Apollo spacecraft into a linkup with the Soviet Soyuz spacecraft high in orbit and announced, "We have capture". To immortalize this historic event and the entire joint space mission, the U.S.S.R. struck 10,000 high relief gold medals, each **32 mm** in diameter and containing **ONE TROY OUNCE OF PURE GOLD.** This medal is the only one struck by either of the two participating governments to honor this first joint manned space mission. Thus, it is the *only official medal commemorating this historic space flight.*

Of the 10,000 gold medals struck by the U.S.S.R., Number One (all are sequentially numbered) was presented to the Cosmonaut Museum in Moscow; two, three and four were given to the astronauts during in-flight ceremonies, and six through ten were retained by the Soviet Union for official presentations. Most of the remaining medals were quickly purchased by European and Asian collectors and space enthusiasts. Today, only a small percentage of this limited issue medal remains for public sale!

Through the centuries, Russian works of sculpture have been held in high esteem. Now you can possess a magnificent limited edition piece of modern Soviet sculpture. The Apollo -Soyuz commemorative medal was designed and sculptured by Ilya Postol, the renowned Soviet

sculptor. His outstanding work of art was transferred to precious metal by the craftsmen of the Leningrad Mint. Their artistry combined with one full ounce of pure gold produced a lustrous masterpiece — a masterpiece which on one side has captured forever the dramatic Apollo-Soyuz linkup, while on the other side, you see the earth partially enclosed by the linkup orbit, represented by the legend in both Russian and English, "Apollo-Soyuz Test Project". The excitement of the design is further heightened by bold reliefs — the medal varies in thickness from 2 mm to 5 mm. This medal is an art object you will proudly display to your friends, family and associates.

Rarely does a medal have the great significance this Soviet gold medal has. It is the only *official* medal commemorating the first Soviet-American manned space flight, an event that could herald outstanding advances in space exploration. Certainly there is room in your collection for this outstanding item. Priced at just $395 each and containing one full Troy ounce of pure gold, the few remaining medals on hand will probably sell very quickly. Place your order early to obtain *your* Apollo-Soyuz medal!

Scott #C7-C9

Coming on Strong!

An airmail set gaining fast in popularity and value is Scott #C7-C9. But despite the recent gains this attractive set has already shown, many collectors are delightfully surprised to learn it can still be obtained in fresh, mint condition for a remarkably low price — a price all the more outstanding considering the fact this set predates the Great Depression!

These three stamps comprise what many people consider to be a set with a bright future:

Scott #C7	**10¢ Dark blue**
Scott #C8	**15¢ Olive brown**
Scott #C9	**20¢ Yellow green**

If this is the type of set you would like to add to your collection, then you should know Paramount has Mint, Never Hinged F-VF three-piece sets available for just $45.

Only a small quantity of Scott #C7-C9 sets are available. Considering the strong market for mint airmail stamps, our small inventory will certainly not last long. Place your order today.

Scott #C7-C9, Three-Piece Set, Mint, Never Hinged, F-VF $45.00

United States Stamps

Any stamps that Paramount Philatelics offers to buy or sell will be strictly graded and will always fall into one of these descriptive categories. These will describe the appearance of the stamp and its actual grade. They are as follows:

VG — Very good, off center, perforations cut design
FINE — Slightly off center, perforations do not cut design
F-VF — Fine to Very Fine — Normal desired centering
VF — Very Fine, almost perfect
XF — Extremely Fine, Superb — A condition of perfection seldom encountered.

NH — Never hinged
LH — Lightly hinged
H — Normal hinging
HH — Heavy hinging
HR — Hinge remainders

NOTE: Certain 19th Century issues were perforated very close to the design. In some cases it is possible to have a well-centered stamp with the perforations just touching.

Unless noted, Stamps Listed By Scott Numbers.

On July 26th and 27th, 1979, Paramount International Coin Corporation, Stack's, Rare Coin Company of America (RARCOA), and Superior Stamp and Coin Company will conduct a joint four-session coin auction of great magnitude. The sale will be the firms' "First Annual Summer Sale" and will include many superb quality items and famous rarities. Also included will be many coins in all areas and price ranges to appeal to the broadest spectrum of collectors.

Each firm will conduct one session of the sale, with each session limited to 500 lots. An integrated catalogue containing all four sessions will be available in late June, 1979. The catalogue will feature many full-colored plates as well as superb photography, accurate grading, and detailed descriptions for which the firms are famous. Regular auction customers of the four firms will automatically receive a catalogue. Other interested persons may reserve a catalogue by completing the coupon below and sending it, along with $10, to Paramount. In addition to the catalogue, you will also receive a copy of the Prices Realized, to be issued 4-6 weeks after the sale.
